28-February	Yes	Headings should use Title Caps.			Accept	
28-February	Yes		"... should comply with all Foundation policy concerning expenses..."	policy -> policies	Accept	
28-February	Yes		"... Executive Director's signing authority requires an OWASP Board affirmative vote."	requires -> require	Reject	
28-February	Yes	The formatting/placement of angle brackets and commas in this sentence is off.	" "This work was supported by funding from OWASP Grant <grantID> from <sponsor> <, sponsor><, and the OWASP Foundation.""		Accept	
28-February	Yes		" Grants can seek additional volunteers to help complete the grant and share the grant with the volunteers."	Grantees??	Accept	
11-March	Yes		Seek funding or sponsorship to fund the grant	Identify the source(s), or proposed source(s) of funding to support the grant	Accept	
11-March	Yes	<p>From conversations with Andrew V. around the grants process, it's clearly not the Foundation's intent that every grant request will have to be accompanied by a new source of funding, so the policy's language should reflect this.</p> <p>In particular, it's expected in the medium- to long-term that there will be CFPs issued to request funding from Foundation-managed grant pools (e.g., from a blanket government or corporate grant, or in support of a Board-funded initiative).</p> <p>This leads to the possibility that a piece of work a project team would like to do could potentially fit within the scope of more than one open CFP. In such cases, the proposal could list the CFP or CFPs under which they'd like to be considered.</p>				
16-March	No	Add Application Criteria. Clear criteria may helpful for applier to prepare and win the applicaiton.			Reject	
16-March	No	The defination of "larger community" is suggested. Is it means large chapter within OWASP or large community outside of OWASP? If it is large community outside of OWASP, how OWASP protects own reputation?			Accept	Ask Andrew original intent, or drop line?
16-March	Yes	Is 7 days enough time to find a sponsor?			Accept	Per Rick's note

16-March	Yes	Will there be a standard contract/document for a grant sponsor? My concern is what if the project does not get completed or finished in a timely manner. What would be the sponsor's expectations? Do they want a refund, etc. I think we need to have a legal document that covers all basis.				
16-March	Yes	Do the sponsors know that is they donate \$10k and only \$8k is used of the grant that the remainder will be put into a general grant budget?
