Introduction

OWASP

The Open Web Application Security Project

http://www.owasp.org

OWASP is a <u>worldwide</u> <u>free and open community</u> **focused on improving the security of application software.**

Our mission is to make application security <u>visible</u> **so that people and organizations can make informed decisions about application security risks.**

<u>Everyone</u> **is free to participate in OWASP and all of our materials are available under a free and open software license.**

The OWASP Foundation is a <u>501c3</u> **not-for-profit charitable organization that ensures the ongoing availability and support for our work.**
