- Apply: <https://canyouhack.us/>

About Shadow Bank

- Training Cyber Range and Hacking Competition (CTF)
- 48 Autoscored challenges – More points available for other exploits
- Part of Security Innovation Cyber Range Suite
- Designed for beginners, but scales to experts
- Focus on Application Layer

Rules of Engagement

- No physical security challenges (my machine)!
- Scanners are good?
- Only attack your own servers!
- DO gather information on Google/Facebook/etc.
- DO NOT attack Google/Facebook/etc.
 - This includes trying to guess or reset passwords.
- Don't use real passwords/bank account numbers/etc. on your vulnerable sites... they are vulnerable.
- Please don't publish results!

#cyberrange #cmdnctrl
