Welcome to the OWASP Italy Day 2018

OWASP Italy Day
Cagliari, 19th October 2018
The Open Web Application Security Project (OWASP) is a 501c3 not-for-profit also registered in Europe as a worldwide charitable organization focused on improving the security of software.

Our mission is to make application security visible, so that people and organizations can make informed decisions about true application security risks.

Everyone is welcomed to participate in OWASP and all of our materials are available under free and open software licenses.

www.OWASP.org
I would like to build secure software

I would like to find all the security bugs in my software

I would like to implement a Roadmap for Software Security
