**OPEN WEB APPLICATION SECURITY PROJECT**

OWASP is the global, open-source application security organization made up of corporations, educational organizations and individuals from around the world. Providing free, vendor-neutral, practical, cost-effective application security guidance, the organization is the de facto standards body for web application security used by developers and organizations globally. For more information, please visit: www.owasp.org

**Community of Innovation**

OWASP’s first Global Conference for 2019 is coming to Tel Aviv, the cradle of AppSec Innovation, where the first DAST and the first WAF came to life exactly 20 years ago, and where dozens of other AppSec startups and companies were born and operate here since. This year’s theme, Community of Innovation, highlights the exceptionally strong AppSec community of Israel, driving ongoing innovation in this space.

**About Tel Aviv**

Tel Aviv is a unique location, offering blistering contemporary activities as well as fascinating glimpses into the history of the location. Ever since the establishment of the State of Israel, Tel Aviv, Israel’s largest city, has served as the financial, entertainment, and cultural center of the country. Founded in 1909 and built on the sand dunes that stretch northward from the old city of Jaffa, Tel Aviv lies on a beautiful beach strip of the Mediterranean.

While Tel Aviv is not the capital of Israel, it is definitely the Cyber Capital of the high tech industry, including the world leading Israeli information security industry. With a higher number of startups per capita than any other country, Tel Aviv is an epicenter of leading research and development. Many international companies have opened a research center in Israel, mostly in the Tel Aviv area. The Israeli software security community has proven its prominence and is very active in numerous OWASP projects.

Tel Aviv has a population of nearly 500,000 people and offers a variety of activities, for day and night. It was ranked the 9th best beach city in the world by National Geographic, the vegan capital of the world by The Independent, named “the best gay city in the world” by American Airlines, is often visited by world leading chefs, and has something to offer everyone. Tel Aviv abounds with hotels, museums, galleries, theaters and entertainment venues, markets, shopping malls, restaurants, bars and outdoor cafes, all bustling with nonstop active day and night.

For those who would like to dive deeper into history, there are many historic locations within the city and if you really want to travel back in time, Tel Aviv is only an hour away from Jerusalem, a city that exists for over 3,000 years. Additionally, all around Tel Aviv are picturesque activities and locations to visit.

Tel Aviv is a perfect choice for international visitors, and affords a great opportunity to enjoy the vibrant spirit of the city - especially during the sunny beach season.

Join us in a celebration of leading application security technologies, speakers, prospects and community, in a unique event that will build on everything you already know to expect from an OWASP Global Conference, topped with additional unique activities and events to highlight the most up-to-date innovation in application security today, which will bring together existing and new participants from Israel, Europe and around the world.

Encouraging more women to share their expertise!

The purpose of the Women in AppSec Program is to increase the participation and visibility of women (and other underrepresented groups) in application security. The OWASP Foundation’s Women in AppSec program is for anyone who believes that diversity and inclusion is important to the success of OWASP, organizations and society, as well as an opportunity for women to exchange knowledge and build community among like-minded individuals in information and application security. WIA builds opportunity for dedicated female students at both the undergraduate and graduate levels, instructors, developers, and security professionals to expand their careers and collaboratively close the industry-wide skills gap in information and application security.

Women in AppSec Sponsor

Global AppSec Tel Aviv is embracing the worldwide Women In AppSec initiative by providing further opportunities for female delegates, along with other underrepresented groups, to enter and succeed in the application security industry. This year, Women in AppSec is hosting several events to support women who want to expand their skills and build their application / information security and/or development careers.

• Global AppSec Tel Aviv, together with WIA, are dedicating budget to bring more women and other groups to the conference, especially as speakers.
• Before the conference, there will be a free WIA Training on "Introduction to Web Application Penetration Testing and Mobile Apps Penetration Testing".
• During the Conference, there will be a dedicated WIA Networking Room to provide a quiet space for women to meet and find a friendly supporting peer.
• On one of the days, we will host an exclusive Luncheon in the WIA Networking room, with mentoring sessions and a talk from a professional Career Coach.

Silver Level WIA Sponsor - $1000/USD

• Small logo placed on Global AppSec Tel Aviv WIA official page and WIA wiki page
• Thank you tweet sent immediately and during Global AppSec Tel Aviv.
• Tweet recognition of sponsorship from @OWASPWIA and @owasp accounts with a predefined text
• Logo on sign thanking WIA Sponsors in WIA Networking room.
Women in AppSec Sponsorship

**Gold level WIA Sponsor - $3000/USD**

- Medium logo placed on Global AppSec Tel Aviv WIA official page and WIA wiki page.
- Thank you tweet sent immediately and during Global AppSec Tel Aviv.
- Sponsor possibility to tweet the sponsorship with a predefined text with OWASP/WIA.
- Acknowledgement/Thank You in OWASP WIA materials developed for the conference.
- Logo on sign thanking WIA Sponsors in WIA Networking room.
- Opportunity to put sponsor’s sign in the WIA Networking room.
- Opportunity to provide a promotional item or product in the “WIA networking room”

**Platinum Level WIA Sponsor (1 available) - $5000/USD**

- Large logo placed on Global AppSec Tel Aviv WIA official page and WIA wiki page.
- Thank you tweet sent immediately and during Global AppSec Tel Aviv.
- Sponsor possibility to tweet the sponsorship with a predefined text with OWASP/WIA.
- Acknowledgement/Thank You in OWASP WIA materials developed for the conference.
- Logo on sign thanking WIA Sponsors in WIA Networking room.
- Opportunity to put sponsor’s sign in the WIA Networking room.
- Opportunity to provide a promotional item or product in the “WIA networking room”
- Logo on sign thanking Platinum WIA Sponsor at the WIA Training Day.

**WIA Travel Support $2,500/USD**

(Women in AppSec Sponsorship)

Travel grant assistance for female speakers (and other underrepresented groups), as well as female students and professionals from around the world. This will help offset the participants travel costs to attend the Global AppSec Tel Aviv 2019 conference, and especially assist those speakers that would not otherwise be able to travel in order to share their insights.

- Logo placed on Global AppSec Tel Aviv WIA official page and WIA wiki page.
- Thank you tweet from @OWASPWIA and @owasp immediately and when funds are awarded.
Women in AppSec Sponsorship

• Logo on sign thanking WIA Sponsors in WIA Networking room.
• For multiple contributions, an additional note will be added to the web page.

**WIA Diversity Scholarships $1200/USD**
*unlimited, single or multiple tickets per sponsor*

Grant 2 full Conference tickets to female professionals and members of other underrepresented groups to attend Global AppSec Tel Aviv 2019 and help close the skills gap!

• Small logo placed on Global AppSec Tel Aviv WIA page
• Thank you tweet from @OWASPWIA and @owasp immediately and when tickets are awarded.
• For multiple contributions, an additional note will be added to the web page.

**Student Scholarships $125/USD**
*unlimited, single or multiple tickets per sponsor*

Student scholarships are open to any student, not just women. The Student Scholarship provides students the opportunity to attend the Global AppSec Tel Aviv 2019 conference with a student ticket. (Students must present a valid student ID and proof of affiliation at an accredited college or university to pick up the ticket.)

• Small logo placed on Global AppSec Tel Aviv WIA page
• Thank you tweet from @OWASPWIA and @owasp immediately and when tickets are awarded.
• For multiple contributions, an additional note will be added to the web page.
