

OWASP

2011 Global Conference Sponsorship Opportunities

OWASP Global AppSec Conference Sponsorship

Open Web Application Security Project (OWASP) is a global open source application security project composed of corporations, educational organizations, and individuals from around the world. OWASP has quickly become the de facto standards body for web appsec by providing free, vendor-neutral, practical, cost-effective application security guidelines.

OWASP Global AppSec Conferences Draw over 1500 Global Attendees Annually

OWASP Global AppSec Conferences are the flagship OWASP outreach effort. Each year OWASP hosts four Global AppSec conferences: North America, South America, Europe and Asia. Global AppSec Conferences include multiple days of presentation-style sessions. Additionally, all OWASP Global AppSec Conferences offer pre-conference training and include many opportunities to converse with government, education and industry leaders who may be in attendance. **New for 2011, OWASP is offering exclusive Global AppSec Sponsorships to provide additional benefits and streamline the planning process for our most supportive organizations.**

The Global AppSec Conferences Sponsorship Program participants will enjoy all the benefits of sponsoring four Global AppSec Conferences in one coordinated effort. Global AppSec Sponsorships will get top billing in each sponsorship level, first choice of booth space at Global AppSec Conferences, and be provided opportunities for individual event sponsorships before they are made generally available. Sponsors will also get special recognition on the OWASP Website and in both Global and Regional conference programs around the world, greatly expanding your exposure.

OWASP offers a variety of opportunities for advertising and logo placement at their four Global AppSec Conferences each year

All proceeds from sponsorship support the mission of the OWASP Foundation (501c3 Not-For-Profit), driving funding for conferences, research grants, tools and documents, local chapters, and more.
